NOTES.

File No. 14-18

FILE HEADING.

Execution of Printing of Public Depts - at the Govt Press.

From

The Deputy Govt Printer

No. 2169 Dated 1.3.19 Received 5.3.19

Diary No. 15406 Enclos. 2 Sts Spare Copies. [Serial No. 12

BRIEF ABSTRACT OF LETTERS.

Points out the unlimited calls upon the Press received from the Heads of Depts & requests that their allotments may be fixed & the work to be done defined.

NOTES AND ORDERS.

1) The Deputy in para 1 of his letter states that unlimited work is done. The work to be executed for each dept at the Govt Press has been defined vide GO no G 13906-56/GP 22-12-11 & 11.6.15 & Govt G 15216-69/GP 11-14-3 d 23.1.19)

NOTES—First Sheet.

General and Revenue Secretariat. | PS File No. 14 of 1915

Serial No.

2) The Supdt has no right to accept any Tenders of any dept wants any work outside the regular work to be done at the Govt Press sanction of Govt has to be obtained then only the Press can execute the work. The cost of this work should be met by the dept concerned.

3) If the rules are strictly adhere to there appears to be no room for Complaints.

4) As regards allotments for depts, each dept should judge for itself, in regard to minor works costing less than Rs 25/- (vide Go d 23.1.19). Even as regards the others an attempt is made to regulate by entrusting all ~~ordinary~~ work not specifically referred to therein, to private presses through the Supdt Govt Printing with reference to Govt if the cost is less than Rs 200/-

5) Para 5th of the Go d 23.1.19 places a lump sum at the disposal of the Supdt Govt Printing for all such ~~ordinary~~ work.

Submitted

POLITICAL BRANCH.
10 MAR. 1919
[illegible]

10) I am not sure that a case has been made out for introducing the system recommended by the Supdt of, however, the scheme is adpd it seems to me that it is very necessary to provide increased limits to the several depths, somewhat as follows.

Registration	3000	Forest	6000.
Survey	2000	Excise	8000.
Municipal	7000	Revenue	12000.
Stamps	1000		

The figures are only approximate, not based on ~~correct~~ any accurate calculation, and it may be necessary to consult the Hds of depts before adopting them

11.3.19

SECRETARIAT
CFL
MAR 1919

Submitted with reference to paras 6 and 7 supra

12/3.

(2) Please refer to para 2 of the Supdt's letter & put up previous refce if any.

13-3-19

Serial No.

13) The matter referred to in para 2 P.4.d relates to the system adopted for valuation of work done for each depth before 1904-05. From a copy of the demonstration report of the Govt Press for 1901-02, the proposal of the Supdt becomes clear. As the Supdt himself explains the work valued on the above mentioned comes to Rs 1,58,616 for all depts.

14) This is taken as the basis for requiring a lump sum provision of Rs 1,50,000

15) Submitted with reference to paras 11 and 12 supra

Note 19/3

16) There is considerable force in the suggestion of the Superintendent.

The work done for each dept in 1917-18 may be valued ~~for~~ and that value fixed as the maximum for the respective Dept for each year hereafter, ~~any excess~~ ~~over the~~ the previous sanction of Govt being required for any excess.

17. The Supdt will, under such an arrangement, have to warn the

G. R. S. III-2]

General and Revenue Secretariat. | P&S File No. 14 of 191 8.

Serial No.

Dept Concerned, well beforehand in order that it may postpone less urgent work or withhold work of an avoidable natu

19) As the Coal-material was very high in 1917-18 & as it is likely to go down hereafter, the decrease in Coal will make up for the increase in Quantity of work due to expansion of departmental activities

Submitted for orders

Chief Secy / 28-3-19.

20) The amounts will have to be fixed on the basis of work done during the past few years. I do not see the use of going so far back as 30 years.

I agree

The University & the Rly Dept may are to pay up as they fully for the work done for them

I agree

22) The allotment of the Dept may be fixed after consulting the Comptroller & the Heads of Depts concerned -

2nd member

May be

6040-176
7-4-19

23) As regards the proposed Consultation, we are feeling that Heads of Departments cannot possibly be expected to estimate their requirements

NOTE—Contn. sheet.

Serial No.

for the year with any degree of approximation much less precision. for no accounts are maintained by them. Wh have are calculated to furnish the data required. [I speak from my own years of experience as the head of more than one department.] It with I fear a futile attempt but I have certainly no objection to it being made. It seems to me that it would serve the purpose better if the proposals - & the data on wh they are based - were communicated to the heads of departments in a Cir. letter & their replies called for by a specified date. In case replies are not received, it must be made clear that the inference will be that the figures as fix are accepted - at least tentatively. Unless we proceed on some such line much headway will not be possible.

The Supdt has discussed his proposals with me & I must say that they & Comments & Memo also of me.

G. Whewell
for Chief Secy

32) I beg to point out that most of the officers consulted, have by their consent expressed or implied, approved of the proposed allotments which are based on past experience. The additional allotments asked for by the departments referred to in para 28 of the notes aggregating Rs 70,000/ approximately may be approved. In view of the Chief Secretary's remarks in para 21 of the notes, agreed to by the Second Member of Council, that the University and the Railway departments may be left out in the proposed allotment, the total sum of Rs 40000/- now allotted to them will be made available for meeting a portion of the excess. I therefore beg to suggest that the total allotment for all departments may be reduced from Rs 1,50,000/ proposed by me to Rs 1,10,000/ so that

an amount of Rs 90,000 will be avai
able for meeting all additional de
mands of the departments. This
will provide the extra grant of Rs
52,000/- for the Education departme
as well as the amount of Rs 18,000/
wanted by the other departments,
and will also leave a balance of
Rs 12,000/- to meet the unforeseen
requirements. A statement show
the readjustment of the allotments
among the several departments
as now proposed is subjoined. I beg
that the new system may be tenta
tively approved by Government
and ordered to be given effect to, as
has been done in the case of the Sta
tionery allotments to the several
departments, which has been
sanctioned by Government for
a period of one year and has also
been given effect to. After a year's
experience of the new arrangement
of the Press and Stationery budgets the
various departments will be in a better
position to estimate their requirements
and Government may, in the light of the
experience gained, order any modifi-
cation that may be considered necessary.

To
The Comptroller

General and Revenue Secretariat. | File No. 1 of 191

Serial No.

54 From the Registrar G R S. dated 6th May 1919.
With reference to this office no: G. 23318-72/R13 16-18 & 12-4-19 states that the sum of Rs 25,000/- allotted for the printing work of Genl and Revenue Sects is to be fixed provisionally for the ensuing year, as the amount is said to represent the annual average cost incurred for printing in recent years. (Asst 4/9 Asst 24/8) As per instructions "Include the reply (draft) in the main file...." initd. SR A.V.R. 15-8-19

Asst 24/8.

59. From the Offg: Comptroller to Govt
no: R. 259. dated 23rd aug: 1919.
With reference to Ll: 57, submits his observations re the fixing of allotments for the printing w'c K's of the several Departments of the State, and returns enclosures to Sl 57.

4th Subd Asst 30/8 With refce to para 36 supra

Asst 2-9-19.

Chief Secy 49) The Comptroller has only reiterated the old arguments -

50) If instead of having a carte-blanche on the Press for printing, each Dept has to work within a specific money allotment there will be less temptation to increase the printing work sent from each Dept

NOTE—Contn. sheet.

Serial No.

51) Without any change in the ... account system, some amount of control on the above lines maybe exercised if the Fort Press itself keeps an account of printing work done for each Dept on a money basis. This may perhaps be tried for a time

1st member

C87

52) Must confess that I have not felt myself convinced by the force of the Comptroller's case. I do not think to enter into an academical controversy in the matter. As also the other Heads of Depts have agreed to the arrangement I am not aware of any reason why the account Dept should be crippled and for a theoretical point may there is much to say on the same, working under the arrangement as at present proposed, at least for three years & watching its results. I do not think we with be lost by it. If at all, we may gain by it. It seems to me that if the Secy to the Supdt G.P. will have a friendly talk with the Comptroller an amicable settlement may yet be arrived at.

53) The orders apply to all Depts. etc

NOTE—Contn. sheet

No. 2169

OFFICE OF THE SUPERINTENDENT.
GOVERNMENT PRINTING,

Dated Bangalore, 1st March 1919.

FROM

D. B. RAMACHANDRA MUDALIAR, ESQ.,
SUPERINTENDENT, GOVERNMENT PRINTING,
BANGALORE.

To

C. S. Balasundaram Iyer, Esq., B. A.,
Chief Secretary to the Government of Mysore,
B A N G A L O R E.

SIR,

I have the honor to bring to the notice of Governme that the heads of departments are sending in work to the Pr at all times of the year without any limitation as to quant and this has resulted in the past in great accumulation and congestion of work in the Press. Another result has been that a lot of unnecessary printing work has been executed f the departments while really important works required for them could not be carried out owing to pressure of work. Th state of affairs has been to a great extent remedied by the adoption of the various measures sanctioned by Government during the last one and a half years for the reduction of work in the Press. But, with the growth of activities in recent years, there has been an extraordinary development printing work and although Government have made provision utilising the agency of private presses in the execution o Government work, I consider that it will not be possible t cope with the increasing requirements of the departments, without adopting some further restrictions.

With this object in view, I beg to propose, as has already been suggested by this office from time to time, t separate allotments may be made to each department and onl

work

work up to that amount should be directed to be done for that department. I beg to point out that if the Heads of various departments ar requested to give their figures as to their requirements, the departm will take up a ~~very~~ good deal of time. With the object of introducin the scheme from the next official year, I base my proposals on the average value of work don for the various departments during the past 30 years. In this connection, I beg to point out that, the valuation of work was being carried out and statistics maintained up to the year 1903-04 in the Government Press accounts, which was abandoned from that year forward It is only during the last two years that this system has been reviv and in order to arrive at the 30 years' average, I have taken the 15 years' average from 1889-90 to 1903-04 as shown in the statement A annexed and the average valuation for ~~the~~ 1915-16 and 1916-17 the on years for which figures are available in recent years and have stru the average for these two figures. This amount ~~which~~ works out to Rs. 1, 58, 616. (I beg to propose that an allotment of Rs 150000 in round figures) ~~is~~ distributed among the various departments with a view their requirements and as noted in the statement B appemded amounts may be tentatively fixed as the allotments for the several departments for a period of 5 years and at the end of that period, th figures may be revised if necessary in the light of the experience th gained. I beg that Government may pass early orders on this questior so as to facilitate the prompt execution of the printing work of the several departments of the State with effect from 1st July 1919.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent,

Government Printing.

Statement A.

The Heads of Departments.

The Dy.Commrs. of Dts.

Sir,

It has been brought to the notice of Bovernment that there has been a large ~~increase~~ expansion in recent years in the amount of printing work done for Govt. in the State and this has led to large-ly increased expenditure and great - congestion of work in the Govt.Press. Government consider that the best method of limiting this growth to what is really necessary would be to allot a certain sum to each Department, based on the annual average cost of ~~the~~ printing work done for each Department in recent years, - from which the cost of all printing - work done for the Department by or - through the Superintendent of Government Printing will be met. Any excess over such grant will have to be found from the other contingent grants of th Department. I am accordingly to reques you to intimate to Government before - the 1st May next whether the amount - noted in the margin, which approximately represents the annual average of the - cost of work done for you in recent - years may be fixed as the allotment for your Department.

By 12.4.09

I am to add that, if no reply is received by that date, it will be presumed that you accept the allotment.

I have, etc.

~~General and Revenue Departments~~

SIR,

In reply to your letter No. G.23318-72/P & S. 14-18-17 - dated 12th April 1919, I have the honor to State that this office has no data on which the cost of printing works to be done for the Prisons Department in a year is to be calculated. The only works - to be done for the Department are the printing of the Report on the administration of Jails and Lock-ups with its appendices and of - forms and registers which are usually supplied on the Annual Indent from the Stationery Department. Apart from these the Department has no other work to be got executed either in the Government Press or in any Private Press.

2. As has been contemplated and to begin with, an allotment - of Rs 500/- may be provided in the Budget for the ensuing official year, which appears enough for this Department.

I have the honor to be,
Sir,
Your most obedient servant,

C. Arumugam Mudaliar

To

The Chief Secretary to Government of
His Highness the Maharaja of Mysore,
Bangalore.

DEAR SIR,

With reference to your No. G. 23318-72/ P&S 14-18-17 dated 12-4-1919, I have the honour to state that the sum of Rs. 1,000/- proposed by you to be allotted for the printing work of the Factories is quite insufficient considering the expenditure under this head as noted below for the previous years:-

Years.	Bangalore.	Mysore.
1916-17	Rs. 1,699	
1917-18	Rs. 2,341	1,752
1918-19 upto end of December 18 for 6 months	371	266

As the printing for the Mysore Factory will also be done through this office, I request that a sum of Rs.2,500/- may be taken as our approximate requirement for printing work of the two Factories.

I have the honour to be,
S i r,

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

FROM

Bangalore, Dated 24th April 1919.

THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

TO

The Chief Secretary to the Government,

SIR, BANGALORE.

With reference to your letter No.23318-72/ P & S 14-18-17 dated 12th April 1919, requesting to be informed of the sum require for getting the printing work of the Department to be done during t next official year, I have the honour to state as follows:

(1) A sum of Rs.72,000/- is required for printing and stocking the Departmental books in Kannada, Urdu and Sanskrit prescribed for the several schools.

(2) A sum of Rs.20,000/- at least will be required for meeting the cost of publication of books newly prepared for the Department.

In this connection I may add that any sum that is spent on such books will be recovered with profits when the books are sold.

(3) Another sum of Rs.20,000/- is required for printing the 60(and odd forms for use of the several offices under the control of the Department.

(4) A sum of Rs.6,500/- is required for printing and supplying the several forms relating to the Mysore Local Examinations - Lower Secondary, Upper Secondary, S.S.L.C., &c.

(5) As non-departmental text books and maps are to be purchased for supply to Government schools from time to time a sum of Rs.20,000/-

P T O

Rs.20,000/- will be required for the purchase of such books and maps Considering the number of schools and the variety of books and maps to be supplied for these, the sum specified above is the bare irreducible minimum.

Thus it will be seen that a sum of Rs.1,18,500 is required fo meeting the cost of printing work to be done for the Department, ar another sum of Rs.20,000/- for the purchase of books and maps - maki a total of Rs.1,38,500/- Against this amount there is a sum of Rs.- 65,000/- available in the provisional Budget of the Government Centr Book Depot. Deducting Rs.20,000/- to be ear marked out of this latt sum for the purchase of non-Departmental books and maps, a sum of Rs. 45,000/- for books and maps with a sum of Rs.6,500/- for printing L.S and S.S.L.C. forms is available for being transfered to the Budget o the Government Press. It will therefore be necessary to make a pro vision for the balance of Rs.67,000/- for Departmental Printing and I Request that Government may kindly be pleased to provide for t amount in the Budget of the Government Press.

I have the honour to be,

Chief *Secretary to the Government of Mysore,*
.....Bangalore.....*Department.*

SIR,

Adverting to your circular letter No.G23318-72/P&S.14-18-17 dated 12th April 19 observing that the best method of limiting the large expansion of printing work done for Government and the consequent increased expenditure and congestion of work in the Government Press, is to allot a certain sum to each Department for all work done by or through the Superintendent, Government Printing, and enquiring whether the sum of Rs 20,000/- estimated on the basis of the average annual work done may be fixed as the allotment for this department, I have the honour to state as follows:-

1. It is not known how the sum of Rs 20,000/- proposed to be allotted for this department has been calculated. I am not sure whether the "Financial Department" for which the allotment is proposed, refers exclusively to the printing work of my office or to the entire collection of forms classed as "Financial" in the list of forms kept in the Press, ~~many~~ or which are printed and supplied for use in all departments and offices of the State. In the absence of details of calculation for arriving at the allotment mentioned, I am unable to say whether the proposed allotment is sufficient or otherwise.

2. The system proposed in the letter under reference viz., to allot a certain amount to each Department of Government for which printing

Subject matter.

work is done, and to charge for all work done against the allotment is opposed to the fundamental principles of classification of public accounts. The Department of printing is a service department of Government maintained for the purpose of attending to the printing work of Government and it is therefore to that department that all printing charges should be debited irrespective of the department to be benefited by the work and it is not therefore right that charges on account of printing done in the Government Press or for that matter even at private presses through the Superintendent of Printing should be distributed to all the Departments and ~~officials~~ offices of the State. I beg in this connection to invite reference to Government Order No.G.15210-69/G.P.11-14-3 dated 23rd January 19 in the matter of printing done at private presses.

3. As the press is not a Commercial or a quasi commercial department of Government, it cannot charge for work done to other departments of Government and take credit for any revenue earned by it except of course as regards departments of Government run on commercial lines, e.g., C.P.S., Railway &c and local bodies, such as District Boards and Municipalities which are financially independent of Govt.

4. The proposed arrangement involves considerable additional and unnecessary work both for the Press and the other departments of Government in the preparation, checking and adjustment of bills without any corresponding advantage.

5. It is doubtful if the object with which this new procedure is proposed viz., to limit the expenditure on printing and to relieve the Press of the congestion of work will be achieved ~~by the proposed procedure.~~ The whole question relates to the existing needs of Government in the matter of printing work and so long as the needs of the several departments are recognised, the Press has to undertake such work. It makes no difference whether the expenditure is met from the Press or any other Departmental budget. On the other hand

removing, as proposed, the advantage of the existing arrange ment in concentrating all charges on account of printing under one major head, control over this expenditure is likel to be less efficient and the chances are that the result wil be the opposite of what is contemplated.

6. If the object is to see whether the expenditure on ac count of printing work for each Department is normal or othe wise, it can be attained by keeping details of work done for each department in the Printing Office and the expenditure of each year compared with the average annual cost for such action as may be called for. Rules may be prescribed regulat~~ing~~ the printing work to be done for each department and these rules may be strictly enforced. This I observe has al ready been done and clear instructions have been issued in the matter in Government Order No.G13906-56/GP.24-12-11 date 11th June 15. The working of these rules may be watched be- fore any further changes are introduced.

7. The proposal now made has been previously considered and apparently dropped. Vide Circular No.G14009-51 GP.24-12- 10 dated 11th June 15 addressed to all Secretaries to Govern- ment and heads of departments and this office reply thereto communicated in No.1645/R.86 dated 30th August 1915.

I have the honor to be,

Sir,

Your most obedient servant

Comptroller.

S i r,

Adverting to G.O. No. G.23318-72/P & S.14-18-17 dated the 12th instant, enquiring whether an allotment of Rs. 3,000/- per annum would be found sufficient for the Printing Work done for the Forest Department, I have the honour to state that no data is available in my office to find out the actual cost of printing works done for this Department year after year, excepting that an expenditure of Rs. ..... has been incurred & adjusted in the Departmental accounts for getting the printing works done at private presses in 17-18 and 18-19. I may, however, state that such works will largely increase in ensuing years, an account of (1) Revision of the Forest Code, (2) Compilation of the standing orders of the Conservator of Forests as a companion volume ø to the Forest Manual and of the preparation of an office manual and (3) drawing up of a larger number of Working Plan Reports as a result of the special measures adopted in this direction.

Under the circumstances an allotment of Rs. 5000/- would be necessary for this Department.

I have the honour to be, Sir,
Your most obedient servant,

Conservator of Forests.

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE IN MYSORE.

Bangalore, the 9th May *1919*

FROM

V. RANGASAWMY IYENGAR, ESQ., B.C.E.,
Director of Industries and Commerce in Mysore,
Bangalore (India.)

TO

The Chief Secretary to the Government of Mysore,

Bangalore.

SIR,

Adverting to your No: G.28318-72/P.S. 14-18-17 dated 12-4-17 I have the honour to state that the Printing work of the Department may be broadly classified under the following three heads:-

(1) Printing work pertaining to the several Industrial and Trading Concerns under the control of this Department.

(2) Printing work of the Department proper consisting of printing of some Bullettins, advertisements etc.

(3) Printing work of the Commercial Section under the Deputy Director of Commerce comprising of Printing of Trade Statistics and Rail Borne Traffic.

As regards item No: 1, no separate provision in the Press Budget is necessary as the individual concerns will bear the charges as per Government Order.

The charges on item No: 2 above, will be about Rs. 2,000/- which may be provided in the Budget of the Government Press.

With regard to item No: 3 a provision of Rs. 9,000/- has been made in the Draft Budget of the Commercial Section which includes charges on account of establishment for compilation and collection of Statistics. The provision made in the Budget may therefore be

X allowed

allowed to stand as such.

I have the honour to be,

SIR,

Adverting to your letter No.G.25678/P.S.14-18-47 of the 14th May 1919, I have the honor to state that in the copy of the communication of the Superintendent, Government Printing, sent with your letter, information has been furnished on only one of the points mentioned in my letter of 26th April 1919 viz., the 1st item that the sum of Rs.20,000/- proposed to be ~~attached~~ allotted to the Finance Department under the new scheme is to cover the cost of not only the printed forms required in the Comptroller's Office but also of " the entire collection of forms classed as Financial." For the reasons explained in detail in my previous letter and for the additional reason that the use of the forms classed as " Financial " is not confined to this office and this office cannot have therefore any control over their use, the proposed arrangement appears to me to be unworkable and as already reported by me is opposed to the fundamental principles of classification of public accounts.

I have the honor to be,
Sir,
Your most obedient servant,

Comptroller.

CHIEF SECRETARIAT
POLITICAL BRANCH
4 JUL 1919

DIARY NO.....

19 19

OFFICE

Office of the Superintendent,
Government Printing in Mysore,
Bangalore 4th July 1919.

D. O. No. Secret

With reference to your D. O. No. G.28675 dated the 26th June -- 1919, forwarding for my opinion letters from the Comptroller to -- Government indicating certain objections to the proposed system of -- fixing allotments for the printing work of the several deparrments, I beg to state that the strongest objection of the Comptroller seems to be that as the Government Press is a Service Department of Government, it is not sound policy to allow it to charge for the work that it does for the several departments of Government, I may be permitted to observe, in answer to this objection, that although the Government Press has ever since its establishment continued as a Service Department of Government, it is open to the - Government to order that it should be treated as a Commercial Department of Government just like the Electric and Railway Departments and the present proposal has been made solely with that view, with the - hope that the measure will lead to a reduction and standardisation in the quantity of -- Government Printing consistent with the needs of a progressive Administration.

2. I may be permitted to remark that the policy of treating the Government Press as a Commercial department of Government is not unknown in other Administrations and has been in force in the United - States of America and I beg to subjoin an extract from an article -- headed " The Big Domain of the Public Printer, Washington, D. C." in the Linotype Bulletin for March-April 1919.

> GOVERNMENT PRINTING OFFICE, UNITED STATES OF AMERICA.
> The total annual expenditure expense of the Government Printing Office is about $ 12,000,000. The appropriation to cover this outlay is divided and allotted by Congress among the departments and the various bureaus of the Government in accordance with their size and needs for printing, each being allowed printing and binding only to the amount of its allotment. Existing

law requires this printing and binding to be done at cost, and charges based on a fixed scale of prices regulated by a modern cost system, are rendered for each piece of work produced. About 30,000 bills are rendered annually - to a total of about $ 12,000,000.

Hover, the Comptroller's objection loses some of its force e fact that the identical arrangement viz., fixing allotment several departments has been tentatively directed by Govern- be brought into effect in the case of supplies made by the ery Depot. (vide Chief Secretary's letter No. G.25609/P. &. S 18 dated 13th May 1919.) This department was hitherto chargin pplies made only to the Railway, the University and the Local but the new arrangement practically makes the Stationery Depo ercial Department of Government and I beg to state that the - extension of this principle to the Government Press also will be - attended with advantage.

4 The Comptroller, has in para 6 of his letter No. R.1297 dated 26th April 1919 suggested an alternative in the shape of framing -- rules for regulating the printing work to be done for each depart- ment and strictly enforcing them and observes that the working of t rules laid down in Government Order No. G.13906-56/G.P.24-12-11 -- dated 11th June 1915 may be watched before any changes are introduc I am of opinion that very little success can be achieved in practic from such orders passed to limit the quantity of printing. It will not be possible to provide for all classes and details of printing k to be done and rules however strictly framed are always open t ied interpretations and the Press and the Department will be -- aged in a never-ending contest as to the admissibility or other- e of any particular work. All these disadvantages can be obviat iated by the adoption of the arrangement now under the considera on of Government. The departments will so arrange their program of work that their most important and urgent work should receive

first attention at the Press and the Press will be able to adjust itself to the requirements of the several departments and time its own programme accordingly.

5. With regard to the Comptroller's observation in para 1 of his letter of 26th April 1919, about the absence of details of calculatio for arriving at the allotments, several departments, I beg to ~~submit~~ invite your kind attention to this office letter No.2169 dated 3rd March 1919, from which it will be seen that the figures are based on the average valuation of work done at the Press for the several departments and may be safely taken as a measure of their requirement

6. In the absence of such system, the various departments have been sending all kinds of work both necessary and unnecessary with the result that the works are so accumulated in the Press, that they have necessitated giving them to the Private Presses; and the endeavour to keep every thing up-to-date proves futile and it becomes difficult to decide which work is necessary and which not and therefore much of Government money is wasted.

7 I beg therefore that very early orders of Government may be passed in the matter. These allotments may, if Government approve, be fixed tentatively for a period of three years and if any allotments are found insufficient, Government may order any modifications in the light of the experience then gained.

8. The enclosures forwarded with the above are herewith returned.

Yours sincerely,

A. V. Ramanathan, Esq., B. A.,

Under Secretary to Government, G. R. S.

It is not known how the sum of Rs 20 crores proposed to be allotted for the Financial year has been calculated

The figures are based on the average valuation of work done at the Press for the several depts. (vide Deputy Secy's letter No 2169 dated 3.3.19 P.U. of this file)

3 The system proposed viz to allot a certain amount to each dept of work for which printing work is done & to charge for all work done against the allotment is opposed to the fundamental principles of Classification of Public accounts. The dept of Printing is a Service dept

Although this has been the case ever since its establishment it is open to Govt to treat it as a Commercial dept just like the Electric & Ry depts.

The proposed arrangement involves considerable additional unnecessary work both for the Press & the Audit dept in the preparation, checking & adjustment of bills, vouchers & the corresponding advantage

OFFICE OF THE COMPTROLLER TO THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Dated, Bangalore, the 23rd August 1919.

FROM

T. Satyaraj Chetty Esq., B.A.,
~~M. N. KRISHNA RAO, Esq., B.A.,~~

Offg: *Comptroller to the Government of*

His Highness the Maharaja of Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief *Secretary to the Government of Mysore,*

Bangalore *Department.*

Sir,

With reference to your letter No. G.587/P.S.14-18-57 dated 9th July 1919, enquiring whether the proposed system of fixing allotments for the printing work of the several departments of the State may be accepted for the reasons stated by the Superintendent, Government Printing, in his D.O. of the 4th July 1919 sent with your letter, I have the honor to observe as follows:-

For convenience in dealing with the several points in the Superintendent's letter, I refer to the paras of that letter.

Para 1. It is not on the ground that the Press has all along been treated as a Service Department that it is considered objectionable to treat it now as a commercial department. The constitution of the Printing Department of the State is itself such that in its inherent nature it is a Service Department and cannot be treated as a Commercial Department. The Electric and Railway Departments to which the Superintendent compares the Printing Department are unlike the latter earning and not spending departments and are therefore worked on strictly commercial lines. To bring out their true financial position these departments have to charge other departments for work, if any, done or services rendered to them. The Government Printing Department on the other hand and for

WD A 0610—GPB—5,000—10-8-17

H. H. the Maharaja of Mysor

To

.....ESQ.,
Secretary to the Govt. of Mysore,
Dept.

Dated

Despatched

Received

No.....

Subject matter.

that matter the Stationery Department also, is purely a spending department of Government intended for the printing and stationery supply services to Government and earns no revenue to justify its being regarded as a "Commercial" department of Government. Besides if the system proposed be adopted, the expenditure incurred on one of the large spending departments of Government will instead of its being shewn under one head in the published accounts of Government be scattered under different heads without giving any idea of the total expenditure incurred. This is opposed to the reorganized rules of classification. How the treatment of the Printing Department as a Commercial Department will reduce the quantity of work to be done or standardise the same as observed in the concluding sentence of para 1 is not understood? (Vide also remarks on para 4 infra).

Para 2. The reference to the system obtaining in the U.S.A ...inistration and the proposal to adopt the system in Mysore does not appear to be appropriate.

Without knowing exactly what the system of Financial Administration is in the United States, in what points it differs from our administration, what the arrangements are corresponding to our scheme of financial settlement, by what rules the preparation of the Budgets and the classification of accounts are regulated and how the department of Printing is constituted in the United States, it would not be possible to give any opinion as to the expediency of our adopting the system in force there. There is, however, nothing to indicate in the extract from the Linotype Bulletin furnished by the Superintendent that in the United States administration the Printing Department is treated as a Commercial Department or that the total expenditure of the Department is debited to other departments. What is stated is that to cover the total outlay, appropriation is made which is divided among the several departments, and the need for this is stated to be the compliance with the law in force in the country requiring printing and binding to be done at cost appraised at rates fixed for the purpose.

The classification of Departments in Mysore for purposes of the Budget and Accounts is the same as in British India and the United Kingdom, and the Government Printing Office and Stationery Depot is regarded as a branch of the administration and therefore one of the departments coming under the group Civil Administration" in the Scheme of Financial Settlement now in force. The Superintendent's proposals will, if given effect to, shift the cost of the department which is properly a charge on the assignment sanctioned for the group Civil Administration on the other groups of departments.

Para 3. This office is not aware of Government having tentatively approved of the proposed system in the case of the supplies made by the Stationery Depot. The system would not be in conformity with the present Scheme of Financial Settlement and the objections to treat the Printing Department as a Commercial Department hold good in the case of the Stationery Department also In this paragraph the Superintendent refers to Railways, the Universities and the Local Bodies which are being charged for for supplies made or services rendered and adduces it as an argument for the proposal made by him. In these cases the departments or local bodies have to be charged for either because they are financially independent of Government (as in the case of Local Bodies) or are worked on commercial lines (as in the case of Railways) and the cost of supplies and services should therefore be borne by them or brought on their accounts.

Para 4. What the Superintendent aims at in proposing the system under consideration is "the reduction and standardisation of the quantity of Government Printing, consistently with the needs of a progressive administration" (Vide last two lines of para 1 of his D.O.) If as observed by the Superintendent, the restrictions imposed in the Government Order of the 11th June 1915 cannot bring about this result, it is not understood how the grant of an allotment to each department supplemented by a provision under contingencies to get the required printing work done by the Press, can have the desired effect. As pointed out in para 5 of this office letter No.1207 dated 25th April 1919, the

question is one of the existing needs of Government, and so long as the needs of the several departments are recognized, the Press has to under-rate such work, and it makes no difference whether the expenditure is met from the Press or any other departmental budget. I must state I am unable to follow the Superintendent in the conclusions arrived at in this paragraph. It has also been pointed out in this office letter of the 25th April 1919 that the proposed system involves considerable additional work, both for the Press and other departments of Government, without any compensating advantage. It has also been suggested in para 6 of the same letter how administrative watch may be exercised over the growth of expenditure of the Printing Department

Para 5. It is stated that for calculating the allotments, the average valuation of work done at the Press for the several departments may be taken as a measure of their requirements. What the Superintendent means by average valuation is not clear. How the work done for each department is gauged and how it is valued are not stated. Any calculation of the requirements of the department without reference to the quantity of work and appraisement of its value with due regard to cost of labor and materials consumed would not be fair. Moreover as already explained the forms etc. classed as Financial are not for the exclusive use of the Finance Department alone but are used in all the departments and offices of the State. It is not therefore fair to charge this department for the forms supplied to the Public Works Department, Police or Education Department. Further when the proposed scheme is actually worked out innumerable difficulties will present themselves in allocating charges to the several departments of the State.

Para 6. The Superintendent throughout complains of heavy work thrown on the Press, but no where has he explained how the system he proposes will reduce work. After all the Printing Department is one which has to attend to the printing work of all the Departments of Government and it is immaterial,

so far as that department is concerned whether the grant, to the extent of which it has to execute work, under the rules and orders in force, is provided in its own budget or in the budgets of other departments. The total grant representing the total work to be done or supplies to be made is fixed with reference to the requirements of the several departments, and there can be no diminution of work affected by distributing the grant to several departments

2. For these reasons I adhere to the views already expressed in this office letter No.R.1297 of 26th April 1919 and consider that the instructions contained in the circular of 11th June 1915 are quite adequate to meet the requirements of the case.

3. I return the enclosures to your letter as desired.

I have the honor to be,

Sir,

Your most obedient servant,

J. Satyanarayana

Order No. 12721-80 3/12/

Dated, Bangalore ~~Sept~~. 1919.

With a view to regulate the quanti- ty of printing work to be done for the several departments of the State and to limit it to the extent absolutely ne- cessary, the Superintendent has subm ted proposals for fixing a money all ment for each department, and for - ~~arranging for~~ the execution of printing work for ~~that department only up~~ to each ~~the~~ amount thus fixed. Government agree in the view that such an ~~agreement~~ arrangement will be con- ducive ~~of~~ to economy as it will enable the Press Government to foresee the work expected of it and facilitate the prompt and economical execution of the printing work of the several departments. The Superintendent, Government Stationery Depot has been instructed separately to ~~make~~ maintain a ledger on a money basis for all supplies made from the Stationery Depot to the several Departments and Government consider that a similar arrangement may be introduced in the Press also with ~~great~~ advantage. They are accordingly pleased to direct the Superintendent ~~should~~ & maintain a ledger showing the printing work done for each department with it value, as per valuation system in force in the

the Press, and to ~~prescribe maximum of work~~ excute works up to the limit of the Maximum shown for the several departments ~~as~~ in annexure A. When the allotment fixed for any department is nearly worked out the Superintendent will give timely intimation to the department concerned to enable it to scrutinise carefully its requirements for the rest of the year with a view to avoid any excess over the prescribed allotment. If, however, any department requires any special work to be ~~executed~~ executed immediately in excess of the allotment fixed for it, the department should find funds for ~~the~~ such extra work from its own budget and the Superintendent will ~~therefore~~ arrange for its execution either in the Government Press or at ~~the~~ any Private Press as may be convenient.

The debit balance of this allotment will be communicated to the Head of the Dept concerned once a quarter

2. The Superintendent will report at the end of the year how the arrangement now sanctioned has worked and what difficulties, if any have been experienced in working out the scheme.

No. G. 12721-80—P. & S. 14-18-60, DATED 3RD DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 2169, dated 3rd March 1919, from the Superintendent, Government Printing, proposing an allocation of the money value of the printing jobs done for the several departments of the State.

2. Government Order No. G. 22280-340—P. & S. 39-18-14, dated 2nd April 1919, directing the transfer to the Government Press Budget of the unspent balance out of amounts specifically provided for "Printing Charges" in the budget for 1918-19 of the several departments (excepting the Economic Conference and its Committees).

3. Government Order No. G. 24287-341—P. & S. 39-18-31, dated 23rd April 1919, directing in modification of the above Government Order that the amount available for "Printing Charges" in the budget for 1918-19 of the several departments (except the Economic Conference and its Committees) be placed at the disposal of the Superintendent, Government Printing, the outlay in respect of it being booked by the Comptroller under the respective major heads.

4. Unofficial note No. 140, dated 31st May 1919, from the Superintendent, Government Printing, suggesting certain modifications in the allocation originally proposed by him.

5. Correspondence ending with communication No. 36, dated the 4th July 1919, from the same officer on the subject.

Order No. G. 12721-80—P. & S. 14-18-60, dated 3rd December 1919.

With a view to regulate the quantity of printing work to be done for the several departments of the State and to limit it to the extent absolutely necessary, the Superintendent has submitted proposals for fixing a money allotment for each department, and for limiting the execution of printing work for each, to the amount thus fixed. Government agree in the view that such an arrangement will be conducive to economy as it will enable the Government Press to foresee the work expected of it and to facilitate the prompt and economical execution of the printing work of the several departments. The Superintendent, Government Stationery Depot, has been instructed separately to maintain a ledger on a money basis for all supplies made from the Stationery Depot to the several departments and Government consider that a similar arrangement may be introduced in the Press also with advantage. They are accordingly pleased to direct the Superintendent to maintain a ledger showing the printing work done for each department with its value, as per valuation system in force in the Press, and to execute works for the several departments up to the limit of the maximum as shown in annexure A. The debit and balance of this allotment will be communicated to the Head of the Department concerned once a quarter. When the allotment fixed for any department is nearly worked out the Superintendent will give timely intimation to the department concerned to enable it to scrutinise carefully its requirements for the rest of the year with a view to avoid any excess over the prescribed allotment. If, however, any department requires any special work to be executed immediately in excess of the allotment fixed for it, the department should find funds for such extra work from its own budget and the Superintendent will then arrange for its execution either in the Government Press or at any Private Press as may be convenient.

2. The Superintendent will report at the end of the year how the arrangement now sanctioned has worked and what difficulties, if any, have been experienced in working out the scheme.
